Cheerfulness and Prudence.

Just keep the heart a-beatin' warm,
Be kind to every feller;
Look fer the rainbows in the storm,
But—carry yer 'umbreller!

Be brave to battle with the strife,
Be true when poople doubt you;
Don't think that money's all in life,
But—carry some about you!

An' when it's time ter shuffle off,
An' you have done yer mission,
Jest put yer trust in Providence,
An'—call a good physician!

HAMILTON H. WILCOX, M. D.

TEN MONTHS' BUSINESS

...AT...

WILCOX HOSPITAL,

ALBERT LEA, MINNESOTA.

HAMILTON H. WILCOX, M. D., Proprietor.

Sixty or more maladies met and combatted with no deaths.
Clean work, competent nursing and the best Medical and Surgical
assistance to characterize and accompany the coming years' work.
Our record as to work and character of cures against the world.

HOSPITAL STAFF:

HAMILTON H. WILCOX, M. D.

G. A. STEVENSON, M. D.

G. G. BELSHEIM, M. D.

F. LESLIE WILCOX.

Wilcox Hospital

CONSISTS of the beautiful residence of Dr. Hamilton H. Wilcox, and is located on the corner of Clark and Washington Streets. The entire building and offices are heated by the hot water system, lighted with electricity and drained by the Albert Lea system of sewage. Two handsome bathrooms and water closets are located on the second floor, so that one may remain indoors for weeks if they desire—defying the storms and blizzards without.

WILCOX HOSPITAL OPERATING¹ ROOM

is undoubtedly one of the finest in the state. The floor is of vitrified tiling, while the furniture is enameled iron and glass. The whole room and furniture may be cleansed as a piece of smooth glass. The patients already operated upon here serve as an illustration of the truly aseptic condition of this room.

LATELY DR. WILCOX has added to his system of BATHS the well known BETZ HOT AIR APPARATUS, and now feels better than ever prepared to treat all kinds of Rheumatism, Swelled Joints, Stiff Joints, and in fact, every ill of a Neuralgic or Rheumatic nature. He does not only propose to treat them, but to CURE them when possible. There is nothing that so rejuvenates and beautifies as our Steam, Thermal, Vapor and Hot Air Baths.

SINCE the opening of Albert Lea—WILCOX HOSPITAL about one year ago, we have not had the earth, but we are thankful for the portion of the sphere that we have had. All the patients entrusted to our care have been satisfactorily improved or entirely cured. The two deaths which occurred here were respectively: Geo. Kamp,* the man who had his head crushed by a falling tree, and John Flindt,† whose neck was broken by a runaway team.

Our motto has been clean surgery, competent nursing and the best surgical and medical assistance in the city.

During the coming year we propose, if possible, to make our apartments more inviting and healthful than ever before. A year's work and experience at any new business, and more especially the hospital business, acquaints a man with many little conveniences which in the end tend greatly to the amelioration of suffering and to the downright comfort of his patients.

We have had a liberal share of the patronage of resident and surrounding physicians, and no one

OPERATING ROOM

knows better than the physicians themselves, how justly thankful we are for their words of encouragement and kindly consideration, and we hope, as we have intended, that our conduct in the future, as in the past, will be such as to merit their confidence, continued patronage and mutual co-operation in establishing a hospital where modern surgery and medicine may be practiced in the true light of science.

For the consideration and benefit of those afflicted with any disease whatsoever, we append a synopsis of the cases and treatment, treated and operated upon at Wilcox Hospital during the last ten months:

CONCLUDING

WE DESIRE TO SAY, with this most excellent report of cases and result of treatment, we do not only feel justified in asking the **Continued Support** and **Patronage** of **Local** and **Neighboring Physicians**, but we cordially invite all into whose hands this little brochure may find its way, to call and look our apartments over and get our prices. Especially would we urge you to read the report of our cases. Remember the place.

ADDRESS:

WILCOX HOSPITAL,

A large, elegant, handwritten signature in black ink, which appears to read "Albert Lea, M.D.". The signature is written in a cursive style with long, flowing lines and a prominent flourish at the end.

Proprietor,
